

INTRODUCTION

WELCOME TO THE AMP TECHNOLOGY CENTRE EVENTS AND CONFERENCE BROCHURE, YOUR GUIDE TO THE UK'S PREMIER MEETING & CONFERENCE FACILITY.

The AMP Technology Centre is located at the heart of the Advanced Manufacturing Park in Sheffield, boasting a community of world class tenants including Rolls Royce, Boeing and the 'Advanced Manufacturing Research Centre'.

Convenient, accessible and with free parking for all visitors, the Technology Centre is both within easy reach of the M1 Motorway and the cities of Sheffield, Rotherham, Nottingham, Leeds and Manchester.

From 2 to 150 delegates, our experienced team assist event organisers in the selection of the most appropriate venue and support package for seminars, training courses, conferences or board meetings. The meeting and conference facilities at the Centre reflect the core values that the park itself promotes - high quality delivery and superb service generated through cutting edge innovation and technology.

From the latest Smartscreen TV's, HD projectors and AV equipment packages, to our exceptionally comfortable seating, each element is selected, implemented and supported to allow delegates to gain the maximum benefit from their time with us. Organisers will also appreciate the attentive on-site 'behind the scenes' support to ensure your event is seamless and all elements work together in harmony.

To compliment your event, a delicious bespoke food and drink service is provided directly to your meeting room at the times you require.

Booking a room is easy! Please call us or email us at events@amptechnologycentre.co.uk and a member of our friendly and professional team will be delighted to discuss your event and guide you through the booking process.

MEETING ROOMS | THE BOULSOVER | THE LOCKE | THE FOWLER

For smaller, more intimate meetings and presentations, the AMP Technology Centre should be the first choice for your organisation. High quality room environments complimented by innovative communication facilities and attentive staff allow you to choose a package of affordable support perfect for your needs.

Each of our three smaller meeting rooms will be to your exact requirements and incorporate multiple power points, WiFi access and 65" Smartscreens as standard. Whether you wish to share imagery with absent colleagues via the portable video conferencing unit, conceptualise and develop ideas across the interactive white board or discuss the monthly sales figures, our facilities and support will ensure you and your visitors feel special and your meeting goes without a hitch.

If you choose the 6 person **Boulsover** with its cream leather furnishings or the neighbouring **Locke** (catering for 8) overlooking the newly refurbished reception area, you can be sure that you have the privacy, comfort, and space for efficient communication.

Responsive light ensure your environment remains comfortable whilst each room has a large external window providing plenty of natural light with the option to 'blind' if needed.

For meetings of up to 10 people, the **Fowler** Room would be an excellent choice - a second floor haven affording views of the Waverley area and the perfect backdrop to inspire and allow the creative ideas to flow.

Book a **meeting room** at the AMP Technology Centre on **0114 2541200** or email us at events@amptechnologycentre.co.uk

MEETING ROOMS I THE HUNTSMAN BOARDROOM

Holding up to 40 delegates and over 11 metres long, the room itself utilises a sliding wall system creating a variety of seating layout options which allows customers to tailor the space to their exact requirements. This room is particularly popular for training and for examinations or assessments with a 70" HD Touchscreen at the far end.

> When it's time to get down to business, delegates will take their places on the elegant high backed leather chairs at the stunning 20 person mahogany board table. The 70" Smartscreen TV and executive AV system will provide an exceptional technology platform to conduct meetings. Fully controlled lighting and heating systems provide maximum comfort and ensure any format of meeting or presentation can be catered for whilst the finest eating and drink refreshments are delivered direct to your room exactly when you need them.

To reserve the Prestigious **Huntsman Boardroom**, please call us or email us at events@amptechnologycentre.co.uk and a member of our friendly and professional team will be delighted to discuss your event and guide you through the booking process.

CONFERENCES & EVENTS

| THE BREARLEY

The Brearley Room on the first floor landing is the perfect location for larger events such as a company seminar, training session or workshop.

Holding up to 40 delegates and over 11 metres long, the room itself utilises a sliding wall system creating a variety of seating layout options which allows customers to tailor the space to their exact requirements. The Audio Visual and Media facilities are state-of-the-art and are configured on the day exactly to your requirements - the 70" HD Touchscreen is just one of a host of technological resources at your disposal ensuring communication is delivered with impact.

Taking a break from business, delegates pass effortlessly through to the first floor 'break out' area where delegates can mingle, take refreshment and relax on the contemporary furniture. It's no surprise that demand for this room is always at a premium.

To ensure your seminar or workshop delegates get the most from their day, please call us or email us at **events@amptechnologycentre.co.uk** and a member of our friendly and professional team will be delighted to discuss your event and guide you through the booking process.

CONFERENCES & EVENTS | THE BESSEMER

Our largest room is located on the first floor mezzanine and boasts the most up to date AV facilities consisting of twin ceiling mounted HD projectors with screens, lecturn and sound reinforcement.

Ideal for presentations and seminars, this room can be laid out either theatre style or cabaret depending on your preference and has reactive lighting controls and window blinds. The optional breakout area provides extra space for refreshments to be taken or for networking and displays.

To book the Bessemer, please call us or email us at **events@amptechnologycentre.co.uk** to discuss your conference or event and our team will lead you quickly through the options available.

Nothing is too much for the fantastic team at the Technology Centre, AMP. We have held several corporate seminars at their venue and are always satisfied with the level of service and how pleasant the staff are. Their new, stylish facilities look great! It's a great location and perfect for commuters from local towns /cities. It's worth mentioning the on-site caterers. They do delicious breakfasts. Thanks again!

Natalie Wilson, ProAktive Ltd.

I have arranged a couple of meetings at the AMP recently and I can say that I was delighted with the service we received. The meeting rooms are very light, modern and spacious and the staff were on hand to ensure our meetings ran smoothly.

I wouldn't hesitate to recommend the AMP to others looking for a great venue in a very accessible location in Sheffield.

Jo Moverley Gray, Autism Plus.
