

W A V E R L E Y

IS HOME

Hope City Church is currently in the process of compiling a full planning application to Rotherham Metropolitan Borough Council to create a new enterprise and community hub on the Waverley Estate.

We are keen to hear from local residents and to gain their views and ideas for the new development in order to ensure that we create a facility which will add something both significant and positive to the area and to the local community of Waverley.

We have therefore organised a **free public event** to engage local people in a conversation about the new development. The event will provide you with the opportunity to find out more about our organisation, what we do and about how the development can work for residents and for Waverley as a whole.
